

MODULE 7.2 CSS AND JAVAFX

**ELVIA GISELLA ADAIR
STUDENT**

PROFESSOR LEWIS

MAY 05, 2026

Assignment:

Follow the directions below:

- Create an external CSS style sheet that defines a class for white fill and black stroke color and an ID for red and green color.
- Write a JavaFX program that displays four circles and uses the style class and ID. The sample run of the program is shown in the following image. Use the mystyle.css found early in Chapter 31, something like the following code and image: Module 7 Programming Assignment.
- Write test code that ensures your code functions correctly.
